RE: 2021-2022 Private Pesticide Applicator Recertification

Must attend to maintain license status.

I am inviting you to attend a **Private Pesticide Applicator** recertification course being held in Floyd County. Space is very limited due to COVID restrictions, so I need your help. If your license expires on December 31st, 2021, I absolutely want to accommodate expired license holders first. **PRE-REGISTRATION IS REQUIRED!** This is where each of you can help!

If your box above is "CHECKED" (and you have not attended a recertification program in the last 90 days) ...you must recertify in order to maintain your license status. This is your opportunity to attend a recertification program and maintain your license.

If your box above is "NOT CHECKED" ...your license is not due to expire until December 2022 or later. If you are "NOT CHECKED" and wish to attend a recertification course, please contact my office to be placed on the second program list.

The course has been approved for categories 90 and 91 (Food, Fiber, Forestry, Commodity and Ornamental Production) and will be held on Thursday, January 27th, at the Floyd Farm Bureau Building. The program will begin promptly at 6 PM. **PRE-REGISTRATION IS REQUIRED!**
